Experts in Technology Infrastructure

 TECHNOLOGY |  AUDIO/VISUAL |  SECURITY

State of California License No. 528322
State of Nevada License No. 0091013
State of Arizona License No. 330370 and No. 330371

 TECHNOLOGY |  AUDIO/VISUAL |  SECURITY

Providing design/build technology infrastructure, advanced audio/visual solutions, security integration, and wireless services to some of the world's leading enterprises

Technology

- Horizontal Cabling
- Backbone Riser Cabling
- Server Room / IT Room Buildout
- Outside Plant Cabling
- Data Center Buildout
- Decommissioning
- Wireless Communications
- Passive Optical Networks

Audio/Visual

- Conference Rooms / Board Rooms
- All Hands Areas / Video Walls
- Distributed Audio
- Sound Proofing
- Sound Masking
- Room Scheduling
- Digital Signage
- Integrated Furniture Systems

Security

- Access Control
- Cameras and VMS
- Intercom
- Intrusion Detection Systems
- Turnstile Technology Solutions
- Biometrics

SERVICES:

- ✓ Education

BEI Connect Projects

Carbon Health, San Mateo, CA

 **Security** |  **A/V**

150+ health care offices in 15 states. Design/build, project management, cabling, IT room and audio/visual.

NBC Universal, Los Angeles, CA

 **Technology**

Building automation systems (BAS) low voltage cabling.

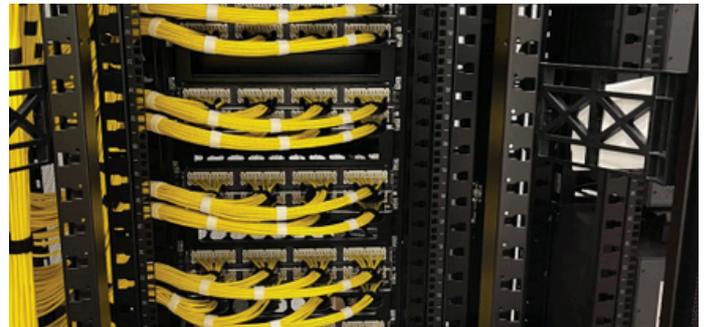

Junipero Serra High School

San Mateo, CA

 **A/V**

Design/build, audio/visual, networking cabling throughout campus classrooms and State-of-the-Art Learning Center

Hewlett Packard,

Nation Wide

 **Technology**

Design, project management, network cabling, audio/visual, security, wireless and rack/stack.

Block, Worldwide

 **Technology**

Design, project management, network/security cabling and wireless.

Santa Clara University, Santa Clara, CA

 **Technology** |  **Security**

Design/build, security integration Campus Wide.

Supporting Battery Energy Storage Systems (BESS)

BEI Connect is equipped to handle a wide range of tasks, from underground cable installation to wireless integration with electrical infrastructure. Given the varying fiber optic and protection and controls needs of battery storage facilities across different sites, our expertise extends from initial planning to project commissioning and final completion.

School and Campus Security Solutions

The safety at our schools is of utmost importance, especially at BEI Construction. Specializing in providing comprehensive school and campus security services aimed at creating safe and secure learning environments.

Our offerings encompass a wide range of solutions, including security risk assessments, access control systems, surveillance systems, intrusion detection systems, emergency communication systems, and visitor management solutions. Our focus on safety and security enables schools and campuses to foster a conducive environment for learning, innovation, and growth while prioritizing the well-being of students, faculty, and staff.

Union Quality Guaranteed

We're affiliated with the International Brotherhood of Electrical Workers (IBEW) and Operative Plasterer's and Cement Masons' International Association (OPCMIA), ensuring that our electrical and concrete work are performed to the highest standards.

BICSI Corporate Member

BEI Construction is a Corporate Member of BICSI, the worldwide association for cabling design and installation professionals.

TIER 4 TRAINING

A Division of BEI Construction, Inc.

Licensing exam preparation and continuing education for business and individuals in the telecommunication and information technology industries.
